RE: **Letter to the Editor re: No-Smoking Policies in Hospitals**

The following attachment is a letter to the editor which was recently published in JAMA regarding No-Smoking Policies in Hospitals. It was written by Edward A. Sceppa who is at the NY University School of Medicine. He discusses the dilemma of smoking bans in hospitals and addresses the Department of Veterans Affairs in particular. This letter may be useful in considering FACT technology in VA hospitals.

I have also attached the article entitled *The Department of Veterans Affairs Smoke-Free Policy* by A. M. Joseph and P. J. O'Neil, to which the letter responds.
